

# DIPLOMA MATTERS

*A Field Guide for College and Career Readiness*

## Special Education, Alternative Education, and English Learner Survey

List the programs and services provided for high school students who are in special education, alternative education and programs for English learners.

--

If a differentiated diploma is given to any of these populations, how does it differ from a regular diploma?

--

What accommodations are currently in place to allow special populations access to a regular high school diploma?

--

What accommodations are currently in place to allow special populations access to college preparatory coursework?

--
