California #Allin4FinancialAid Policy: Vendor List of Organizations

Updated: September 2022

As of January 2022, there is a new financial aid application completion requirement for local educational agencies (high schools, school districts, county offices of education, and charter schools) to ensure that, beginning October 1, 2022, their seniors complete and submit the FAFSA or CADAA or opt-out.

We've developed and compiled an approved vendor list of organizations across the state that can support your high school, district, and county office of education with financial aid completion.

We've also crafted [a sample outreach email](#) that you can use to reach out to contact organizations to help your high school, district, and county office of education with financial aid application completion.
